

# HOW TO OPEN CEMENT PACKAGING

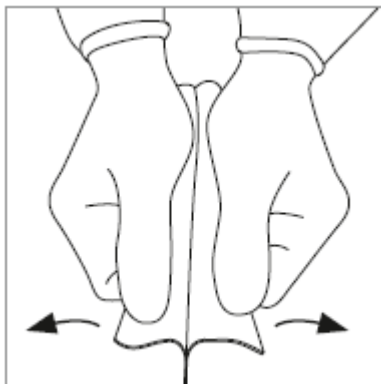

Heraeus Clinical

**WARNING!**  
**DO NOT OPEN OUTER FOIL PACK AND DROP POUCH ONTO STERILE FIELD – CONTENTS ARE UNSTERILE.**

1

The cement powder is triple packed!  
Non-sterile conditions, open the foil packaging and remove the inner pouch.

2

Therefore, the middle pouch is opened under sterile conditions so that the inner pouch can be presented and handed over to the surgical team.
